North Stradbroke Island Historical Museum uncovers the full story

Stradbroke 100: Remembering North Stradbroke Islanders overseas and at home began as a research project to learn more about the names listed on the Dunwich Hall World War One Honour Board which was donated to the community in 1917 by Thomas Welsby. There were 13 names listed but the community was aware not everyone's name was included. Through engagement with the Island's families, the sharing of oral stories, and broader research, it was revealed that at least 22 men with a connection to Stradbroke Island enlisted during the First World War, 14 of them Aboriginal.

The project was recognised for its outstanding community engagement at the recent Gallery and Museum Achievement Awards (GAMAA) and contributes to the understanding of North Stradbroke Island and its past. Discover the information and sources on the Museum's website.
